

NovaTech Solutions

Company Knowledge Base & Product Catalog

Version 3.2 | Q2 2025 | For Internal & RAG System Use

1. Company Overview

NovaTech Solutions, Inc. is a technology company headquartered in Austin, Texas, specializing in smart home devices, networking hardware, health wearables, and augmented reality products. Founded in 2014 by CEO Dr. Mia Chandra and CTO Rafael Okonkwo, NovaTech has grown from a two-person startup to a global workforce of over 1,200 employees across 14 countries.

1.1 Mission & Vision

Mission: To simplify everyday life through intelligent, connected technology that is affordable, secure, and sustainable.

Vision: A world where technology seamlessly integrates into human experience, improving well-being and productivity for everyone.

1.2 Core Values

- **Innovation First** — We invest 18% of annual revenue into R&D.
- **Customer Obsession** — Every product decision starts with the customer.
- **Sustainability** — Carbon-neutral operations since 2022; 80% renewable energy usage.
- **Transparency** — Open communication with customers, partners, and employees.
- **Inclusivity** — Products designed with accessibility standards (WCAG 2.1 AA) in mind.

1.3 Key Milestones

- 2014 — Company founded; seed funding of \$2.5M raised.
- 2016 — First product launched: AuraLink Hub Gen 1 (100K units sold in 90 days).
- 2018 — Series B funding of \$45M; expanded to European markets.

- 2020 — NovaSpark Pro launched; winner of CES Innovation Award.
- 2022 — IPO on NASDAQ (ticker: NVTK); carbon-neutral certification achieved.
- 2023 — Acquired HealthWave Analytics to power ZenFlow Wearable AI features.
- 2024 — Surpassed \$500M in annual revenue; opened Asia-Pacific HQ in Singapore.

1.4 Contact & Support

General Inquiries: hello@novatech.io
Customer Support: support@novatech.io | +1 (800) 668-2832 | Available 24/7
Press & Media: press@novatech.io
Investor Relations: ir@novatech.io
Headquarters: 4801 Innovation Blvd, Suite 900, Austin, TX 78701, USA
EU Office: Friedrichstrasse 12, 10117 Berlin, Germany
APAC Office: 1 Raffles Place, #30-01, Singapore 048616

2. Product Catalog

NovaTech's product lineup is organized across five categories: Smart Home, Networking, Health & Fitness, Augmented Reality, and Accessories. All products carry a standard 2-year limited warranty and are eligible for the NovaTech Care+ extended warranty program.

2.1 Product Summary Table

Product	Category	Price (USD)	Availability
NovaSpark Pro	Smart Home	\$199.99	In Stock
AuraLink Hub	Networking	\$149.99	In Stock
ZenFlow Wearable	Health & Fitness	\$249.99	Pre-Order
ClarityLens AR	Augmented Reality	\$599.99	Limited
EchoBase Speaker	Audio	\$129.99	In Stock
VaultGuard Security	Security	\$89.99	In Stock
SwiftCharge Pad	Accessories	\$49.99	In Stock
TerraMesh Router	Networking	\$349.99	Backordered

2.2 Product Descriptions

NovaSpark Pro (Smart Home Controller)

The NovaSpark Pro is NovaTech's flagship smart home controller, designed to act as the central intelligence hub for your entire home ecosystem. Compatible with over 10,000 smart devices via Matter, Zigbee, Z-Wave, and Wi-Fi 6E protocols, NovaSpark Pro supports voice control through Alexa, Google Assistant, and Siri.

Key Features:

- 7-inch OLED touchscreen with adaptive brightness
- AI-powered scene automation (learns routines in under 7 days)
- Local processing — no cloud dependency for core functions
- End-to-end AES-256 encryption for all device communication
- Supports up to 500 connected devices simultaneously
- Built-in UPS: 4-hour battery backup during power outages

Dimensions: 220mm x 140mm x 18mm | Weight: 420g | Processor: Octa-core 2.4GHz | RAM: 8GB | Storage: 128GB

SKU: NSP-PRO-001 | Retail Price: \$199.99 | Wholesale MOQ: 50 units

AuraLink Hub (Networking Gateway)

The AuraLink Hub is a next-generation smart networking gateway that combines a Wi-Fi 6E router, a Zigbee/Z-Wave coordinator, and a local home automation server into a single compact unit. It enables seamless connectivity for up to 250 simultaneously connected devices.

Key Features:

- Tri-band Wi-Fi 6E: 2.4GHz + 5GHz + 6GHz (aggregate throughput: 9.6 Gbps)
- Built-in NovaMesh technology for whole-home mesh networking
- VPN server (WireGuard) built-in — no subscription required
- Automatic firmware updates with rollback protection
- Energy monitoring for connected smart plugs and devices
- Parental controls with AI-based content filtering

SKU: ALH-002 | Retail Price: \$149.99 | Compatible with: NovaSpark Pro, TerraMesh Router

ZenFlow Wearable (Health & Fitness Band)

ZenFlow is NovaTech's premium health and fitness wearable, powered by the HealthWave AI engine. It offers continuous monitoring of 17 biometric signals and provides clinically-informed health insights without requiring a subscription.

Key Features:

- Continuous ECG, SpO2, skin temperature, and stress level monitoring
- Advanced sleep staging (REM, Deep, Light, Awake) with personalized recommendations
- FDA-registered irregular heart rhythm notifications
- 7-day battery life (22-day in low-power mode)

- IP68 waterproof (up to 50 meters)
- NFC payments via NovaPay integration
- Compatible with iOS 15+ and Android 10+

Available Colors: Midnight Black, Arctic White, Ocean Blue, Desert Sand

SKU: ZFW-003 | Retail Price: \$249.99 | Status: Pre-Order (ships Q3 2025)

ClarityLens AR (Augmented Reality Glasses)

ClarityLens AR represents NovaTech's boldest innovation — consumer-grade augmented reality glasses with an all-day battery and enterprise-ready features. Designed in partnership with EyeFrame Optics, ClarityLens supports prescription inserts and adaptive tinting.

Key Features:

- 1080p micro-OLED display per eye; 52-degree field of view
- Spatial audio with bone-conduction speakers
- 6 DoF head tracking at 120Hz for stable AR overlays
- AI assistant (NovaAI) with real-time translation in 42 languages
- 8-hour battery with 30-minute rapid charge
- Weighs only 68g — lightest in its class
- Enterprise SDK available for custom AR app development

SKU: CLA-AR-004 | Retail Price: \$599.99 | Availability: Limited (waitlist open)

EchoBase Speaker (Smart Audio)

EchoBase is a room-filling smart speaker with studio-quality audio, designed to integrate with the NovaTech ecosystem. Its 360-degree sound stage and adaptive EQ automatically tune audio to room acoustics using the built-in microphone array.

Key Features:

- 4-inch woofer + dual 1-inch tweeters; 80W peak output
- 8-microphone far-field array; works from up to 8 meters away
- Multi-room audio sync via NovaMesh
- AirPlay 2, Spotify Connect, Bluetooth 5.3, and Wi-Fi streaming
- Privacy mode: hardware microphone mute with LED indicator

SKU: EBS-005 | Retail Price: \$129.99

VaultGuard Security System

VaultGuard is NovaTech's all-in-one home security solution. It includes a base station, three door/window sensors, one motion detector, one indoor camera, and a 105dB siren — all with local 30-day video storage included.

Key Features:

- 4K HDR camera with color night vision and 160-degree FOV
- Person, pet, and vehicle AI detection (no subscription needed for basic)

- Professional monitoring available: \$9.99/month (NovaCare Pro)
- Cellular backup: stays connected during internet outages
- Tamper-proof design; battery backup: 24 hours

SKU: VGS-006 | Retail Price: \$89.99 (Starter Kit) | Expansion sensors: \$19.99 each

SwiftCharge Pad (Wireless Charger)

The SwiftCharge Pad supports up to 65W wireless fast-charging across three devices simultaneously. Certified for iPhone (MagSafe), Samsung (Fast Wireless Charging 2.0), and any Qi2-compatible device.

Key Features:

- 3-device simultaneous charging: phone + earbuds + watch
- Adaptive wattage: detects device and adjusts power automatically
- Foreign object detection and thermal protection
- Whisper-quiet cooling fan (< 25dB)

SKU: SCP-007 | Retail Price: \$49.99 | Includes: SwiftCharge Pad, 75W USB-C adapter, 2m cable

TerraMesh Router (Enterprise Mesh System)

TerraMesh is NovaTech's enterprise-grade mesh Wi-Fi 7 system, engineered for large homes, offices, and commercial spaces. A 3-node kit covers up to 9,000 sq ft with consistent gigabit speeds.

Key Features:

- Wi-Fi 7 (802.11be): up to 46 Gbps theoretical throughput
- Multi-Link Operation (MLO) for near-zero latency gaming and video calls
- 10GbE WAN/LAN ports on each node
- Supports up to 1,000 simultaneous client devices per node
- Advanced security: IDS/IPS, DNS filtering, VLAN support
- NovaTech Cloud Management dashboard (free for up to 3 nodes)

SKU: TMR-008 | Retail Price: \$349.99 (3-node kit) | Status: Backordered (8-week lead time)

3. Pricing, Plans & Bundles

3.1 Retail Pricing

All prices listed in USD and include standard packaging. Taxes and shipping calculated at checkout. Volume discounts available for orders of 10+ units of the same SKU.

3.2 NovaTech Subscription Plans

NovaCare Basic (Free)

- Standard 2-year hardware warranty
- Access to NovaTech mobile app (iOS & Android)
- Community forum support
- Basic AI automations (up to 10 active rules)

NovaCare Plus (\$4.99/month or \$49.99/year)

- Everything in Basic
- Priority 24/7 phone and chat support
- Extended warranty to 4 years
- Unlimited AI automations
- 30-day cloud video history (VaultGuard)
- Early access to new features and firmware

NovaCare Pro (\$14.99/month or \$149.99/year)

- Everything in Plus
- Professional 24/7 security monitoring
- 90-day cloud video history
- White-glove onboarding session (1 hour, remote)
- Dedicated account manager for 3+ device households
- Advanced analytics dashboard

3.3 Bundle Deals

Starter Smart Home Bundle: NovaSpark Pro + AuraLink Hub + SwiftCharge Pad — \$349.99 (save \$49.98)

Security Bundle: VaultGuard + 3 Extra Sensors + NovaCare Plus (1 year) — \$149.99 (save \$39.96)

Ultimate Home Bundle: All 8 products + NovaCare Pro (1 year) — \$1,699.99 (save \$268+)

4. Policies

4.1 Return & Refund Policy

NovaTech offers a 30-day hassle-free return policy for all products purchased directly from novatech.io or authorized retailers. To be eligible for a full refund, items must be in original condition with all accessories and packaging. Return shipping is free for US customers. International returns may be subject to restocking fees.

Steps to initiate a return:

- Log into your NovaTech account at novatech.io/account
- Navigate to Orders > Select Order > Request Return
- Print the prepaid shipping label (US only)
- Drop off at any UPS or FedEx location
- Refund processed within 5–7 business days of receipt

4.2 Warranty Policy

All NovaTech products include a 2-year limited warranty covering manufacturing defects. Physical damage, water damage (beyond rated IP rating), and unauthorized modifications are not covered. NovaCare Plus and Pro subscribers receive extended warranties of 4 years and 5 years respectively.

To file a warranty claim: Visit novatech.io/warranty or call +1 (800) 668-2832.

4.3 Privacy Policy Summary

NovaTech is committed to user privacy. Core product features do not require cloud connectivity — local processing handles automations, voice commands (offline mode), and device control. When cloud services are enabled, data is encrypted in transit (TLS 1.3) and at rest (AES-256). NovaTech does not sell user data to third parties. Users can export or delete all their data at any time from account settings.

4.4 Shipping Policy

Standard Shipping (US): Free on orders over \$50; otherwise \$5.99. Delivery in 5–7 business days.

Express Shipping (US): \$12.99. Delivery in 2–3 business days.

Overnight Shipping (US): \$24.99. Order by 2PM CT for next-day delivery.

International Shipping: Available to 42 countries. Rates calculated at checkout. Duties and taxes are the responsibility of the recipient unless noted.

5. Frequently Asked Questions (FAQ)

5.1 General Questions

Q: What is NovaTech Solutions?

A: NovaTech Solutions is a technology company founded in 2014 and headquartered in Austin, Texas. We design and sell smart home devices, networking hardware, health wearables, augmented reality glasses, and accessories. Our products are sold in over 40 countries worldwide.

Q: Where can I buy NovaTech products?

A: NovaTech products are available at novatech.io, Amazon, Best Buy (US), MediaMarkt (EU), Harvey Norman (APAC), and over 3,000 authorized retail partners. Always verify retailer authorization at novatech.io/authorized-sellers to ensure warranty eligibility.

Q: Do NovaTech products work without an internet connection?

A: Yes. All NovaTech products are designed with a local-first architecture. Core features — including device control, voice commands (in offline mode), and automations — function entirely on your local network without internet. Cloud features such as remote access, video cloud storage, and AI insights require connectivity.

Q: Is NovaTech compatible with Alexa, Google Assistant, and Siri?

A: Yes. All NovaTech smart home products are fully compatible with Amazon Alexa, Google Assistant, Apple HomeKit (Siri), and Samsung SmartThings. Setup guides are available in the NovaTech app under Settings > Voice Assistants.

5.2 Account & App Questions

Q: How do I create a NovaTech account?

A: Download the NovaTech app (iOS or Android) or visit novatech.io/signup. Enter your email, create a password, and verify your email address. You can add devices immediately after verification. One account supports up to 10 household members.

Q: Can I share device access with family members?

A: Yes. NovaTech supports up to 10 household members per account. Go to the NovaTech app > Home Settings > Members > Invite Member. You can assign permission levels: Owner, Admin, Member, or Guest. Guests have view-only access by default.

Q: I forgot my password. How do I reset it?

A: On the login screen, tap 'Forgot Password' and enter your registered email. You will receive a reset link within 2 minutes. If you do not see the email, check your spam folder or contact support at support@novatech.io.

5.3 Product-Specific Questions

Q: How many devices can NovaSpark Pro control?

A: NovaSpark Pro can simultaneously manage up to 500 connected devices. It supports Matter, Zigbee, Z-Wave, and Wi-Fi 6E protocols, making it compatible with over 10,000 certified third-party smart home products.

Q: Is ZenFlow Wearable FDA-approved?

A: The ZenFlow Wearable is FDA-registered (not FDA-approved — registration and approval are different designations). The irregular heart rhythm notification feature has received FDA 510(k) clearance. ZenFlow is not intended to replace professional medical advice or diagnosis.

Q: Does ClarityLens AR work with prescription lenses?

A: Yes. ClarityLens AR supports prescription inserts (sold separately, starting at \$79.99) for prescriptions ranging from -6.00 to +4.00 diopters. Prescription inserts must be ordered through a licensed optometrist partner listed at novatech.io/prescriptions.

Q: What is the battery life of the EchoBase Speaker?

A: EchoBase is a plug-in speaker and does not have internal battery power. It requires AC power via the included 3-pin cable. In the event of a power outage, EchoBase will power off. For portable audio, NovaTech recommends pairing with a Bluetooth-capable mobile device.

Q: How do I expand my VaultGuard system?

A: VaultGuard is modular. You can add door/window sensors (\$19.99 each), outdoor cameras (\$99.99), glass break detectors (\$34.99), and smoke/CO detectors (\$49.99) at any time. All accessories pair automatically via the NovaTech app. The base station supports up to 64 add-on devices.

Q: My TerraMesh Router is on backorder. What does that mean?

A: Backordered means the product is temporarily out of stock at our warehouse but available for purchase with a confirmed delivery date. TerraMesh Router currently has an 8-week lead time. Your card will not be charged until the item ships. You will receive email updates on your order status.

5.4 Shipping, Returns & Billing

Q: How long does standard shipping take?

A: Standard shipping within the US takes 5–7 business days and is free on orders over \$50. Express shipping (2–3 business days) is available for \$12.99, and overnight shipping for \$24.99. International orders vary by country — estimated delivery is shown at checkout.

Q: Can I return a product I've already set up and used?

A: Yes, within 30 days of purchase. Products do not need to be in 'new' condition — we accept returns for products that have been unboxed and used, provided they are not physically damaged and include all original components. A 15% restocking fee applies only to products with missing accessories.

Q: What payment methods does NovaTech accept?

A: NovaTech accepts Visa, Mastercard, American Express, Discover, PayPal, Apple Pay, Google Pay, and NovaTech Gift Cards. Buy Now Pay Later options (Affirm, Klarna, Afterpay) are available for orders over \$99.

Q: How do I cancel or modify my subscription?

A: Log into your account at novatech.io/account > Subscriptions > Manage. You can upgrade, downgrade, pause (up to 3 months), or cancel at any time. Cancellations take effect at the end of the current billing cycle. No cancellation fees.

5.5 Technical Support

Q: My device is offline. What should I do?

A: First, check your internet connection. Then reboot your AuraLink Hub or router by unplugging for 30 seconds. If the device is still offline, open the NovaTech app, go to Devices > [Device Name] > Troubleshoot. This runs an automated diagnostic. If unresolved, contact support at support@novatech.io or call +1 (800) 668-2832.

Q: How do I factory reset my NovaSpark Pro?

A: To factory reset NovaSpark Pro: press and hold the side button for 10 seconds until the screen shows the NovaTech logo with a progress bar. Release the button. The device will wipe all settings and restart in setup mode. This action cannot be undone and will remove all automations and device pairings.

Q: Are firmware updates automatic?

A: Yes. By default, NovaTech devices automatically install firmware updates between 2AM–5AM local time when the device is idle. You can disable auto-updates in the app under Device Settings > Firmware > Auto-Update (not recommended). Manual updates can be triggered at any time.

6. Glossary of Terms

Matter: An open-source smart home connectivity standard developed by the Connectivity Standards Alliance (CSA). NovaTech products certified for Matter work with any other Matter-certified ecosystem.

NovaMesh: NovaTech's proprietary mesh networking protocol that enables seamless roaming between AuraLink and TerraMesh nodes with sub-10ms handoff latency.

HealthWave AI: The AI inference engine powering ZenFlow Wearable, developed in-house after the 2023 acquisition of HealthWave Analytics. It runs on-device and does not require cloud access.

NovaAI: NovaTech's embedded AI assistant, available on NovaSpark Pro and ClarityLens AR. Supports natural language home control, contextual reminders, and real-time AR translation.

NovaCare: NovaTech's subscription service offering extended warranties, cloud storage, professional monitoring, and priority support. Available in Basic (free), Plus (\$4.99/mo), and Pro (\$14.99/mo) tiers.

IP68: Ingress Protection rating indicating a device is dust-tight and can be submerged in water up to 1.5 meters for 30 minutes. ZenFlow is rated IP68 up to 50 meters.

Matter: Open smart home standard enabling cross-brand compatibility. All NovaTech smart home devices are Matter 1.2 certified.

Wi-Fi 6E: The extension of Wi-Fi 6 (802.11ax) into the 6GHz band, offering lower congestion and higher throughput in dense environments.

Wi-Fi 7: The next generation wireless standard (802.11be) supporting Multi-Link Operation (MLO), 320MHz channels, and up to 46 Gbps theoretical throughput. Supported by TerraMesh Router.
